1. Introduction

NafalogyCoin (NFG) is a community-driven digital asset built on the BNB Chain (BEP-20). The mission of NafalogyCoin is to empower learners, traders, and gamers by providing a secure and innovative ecosystem where education, trading tools, gaming, and payment solutions come together.

2. Vision & Mission

Vision: To create a sustainable crypto ecosystem that bridges education, finance, and entertainment. Mission: To build tools such as a wallet, payment gateway, learning hub, and blockchain-powered games where NafalogyCoin will serve as the core currency. In the future, NafalogyCoin will also integrate AI and AI Agents to enhance user experiences in trading, education, and automation.

3. Token Information

Name: NafalogyCoin
Symbol: NFG
Blockchain: BNB Smart Chain (BEP-20)
Total Supply: 21,000,000 NFG
Initial Price: $0.01

4. Tokenomics Allocation

Liquidity Pool (LP): 2% (420,000 NFG)
Team & Founders: 10% (locked for 2 years)
Marketing & Partnerships: 10%
Community Rewards & Staking: 15%
Future Development (Wallet, Games, Payment): 20%
Public Sale & Circulating Supply: 43%
Liquidity will be locked to ensure trust and avoid rug-pull concerns.

5. Liquidity Strategy

Primary liquidity pair will be BNB/NFG on PancakeSwap.
In the future, additional pairs (such as USDT/NFG, BUSD/NFG, or ETH/NFG) may be introduced to increase liquidity access and trading flexibility.
Liquidity will be locked for a minimum of 12 months, ensuring stability and investor confidence.

6. Roadmap

Phase 1: Token Launch, Website, and Whitepaper Release
Phase 2: Listing on CoinGecko & CoinMarketCap, Initial Marketing Campaign
Phase 3: Staking Pools & Community Rewards System
Phase 4: Nafalogy Wallet Launch (with DeFi features)
Phase 5: Blockchain Gaming Platform Development & Payment Gateway Integration
Phase 6: Centralized Exchange Listings, Strategic Partnerships, and Ecosystem Expansion
Phase 7 (Future): Integration of AI & AI Agents for trading insights, learning automation, and advanced

ecosystem tools.

Note: The roadmap is flexible — additional features and updates can be introduced in the future based on timing, resources, and community feedback.

7. Use Cases

Learning Platform: Pay with NFG for courses & tutorials.
Trading Ecosystem: Token utility for rewards and community incentives.
Gaming: In-game purchases & rewards powered by NFG.
Payments: Use NFG as a gateway for peer-to-peer and merchant transactions.
Future Expansion: AI-powered educational assistants, trading bots, and ecosystem agents.
Future Expansion: More utilities and integrations will be added over time, depending on community needs and project growth.

8. Security & Transparency

Smart contract will be audited by a third-party security firm.
Liquidity locked to prevent manipulation.
Vesting schedules for team tokens to build trust.
Regular community updates.

9. Disclaimer

NafalogyCoin (NFG) is a cryptocurrency subject to market volatility and risks.
